Configured for Internet Explorer 6.0 and above. Best viewed in 1024X768 resolution.

You are visitor No. \_\_\_\_\_

After clicking on **eSamudra** tab this page takes you to following Screen.  
For login in 'esamudra intranet-application' just click on 'Esamudra Modules' (Circled in red color) on following page.

Click On Esamudra Modules to access below screen

The only software required for run this application is 'jinit' (j-initiator). If it is already installed on your machine, then you can **Esamudra Intranet** button to open login-page, else you need to install it only one time on your machine. There are two process for install this software as follows:

1. When you click on 'Esamudra Module' on previous-page, it'll ask you to install this software, you just click on 'Yes' button and it'll install on your machine.

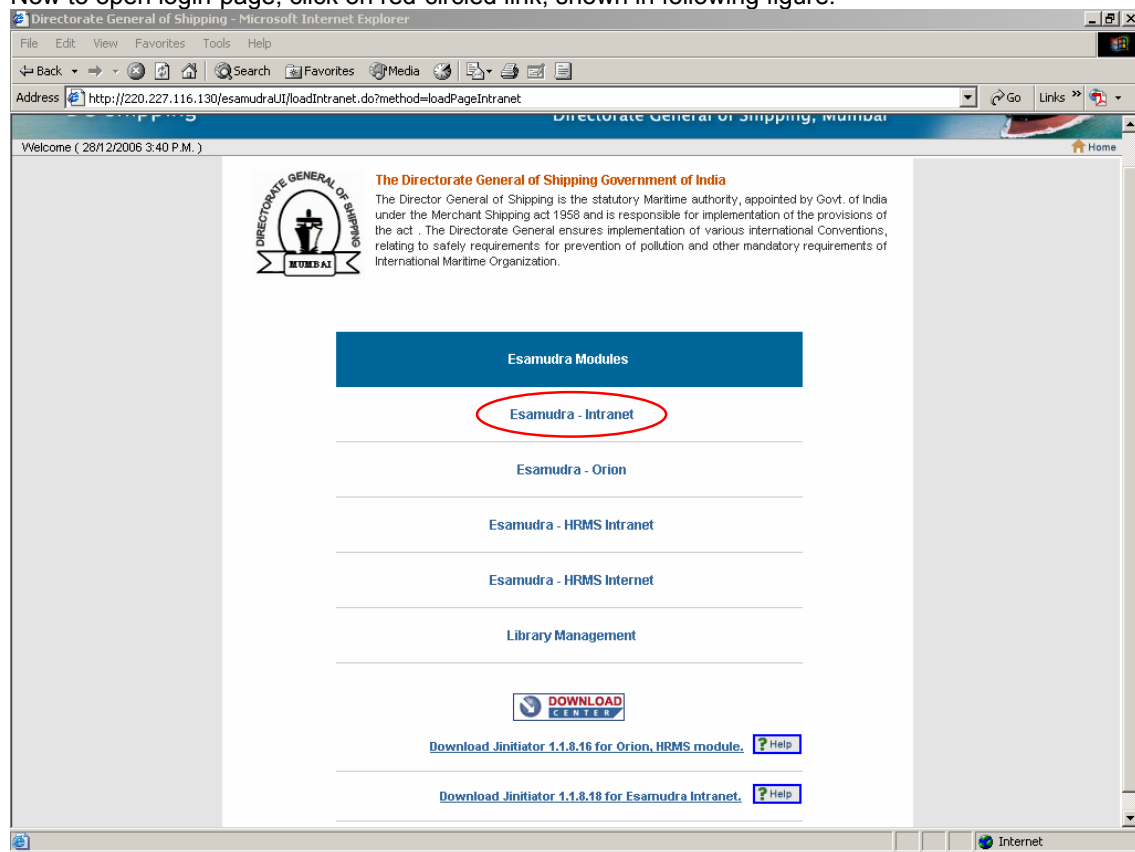

After successful installation a new icon (jinit) will appear on desktop, as shown in following figure:

2. If application not ask for install 'jinit' then next-page will open and here you can get a link to install this software, as shown in following figure:

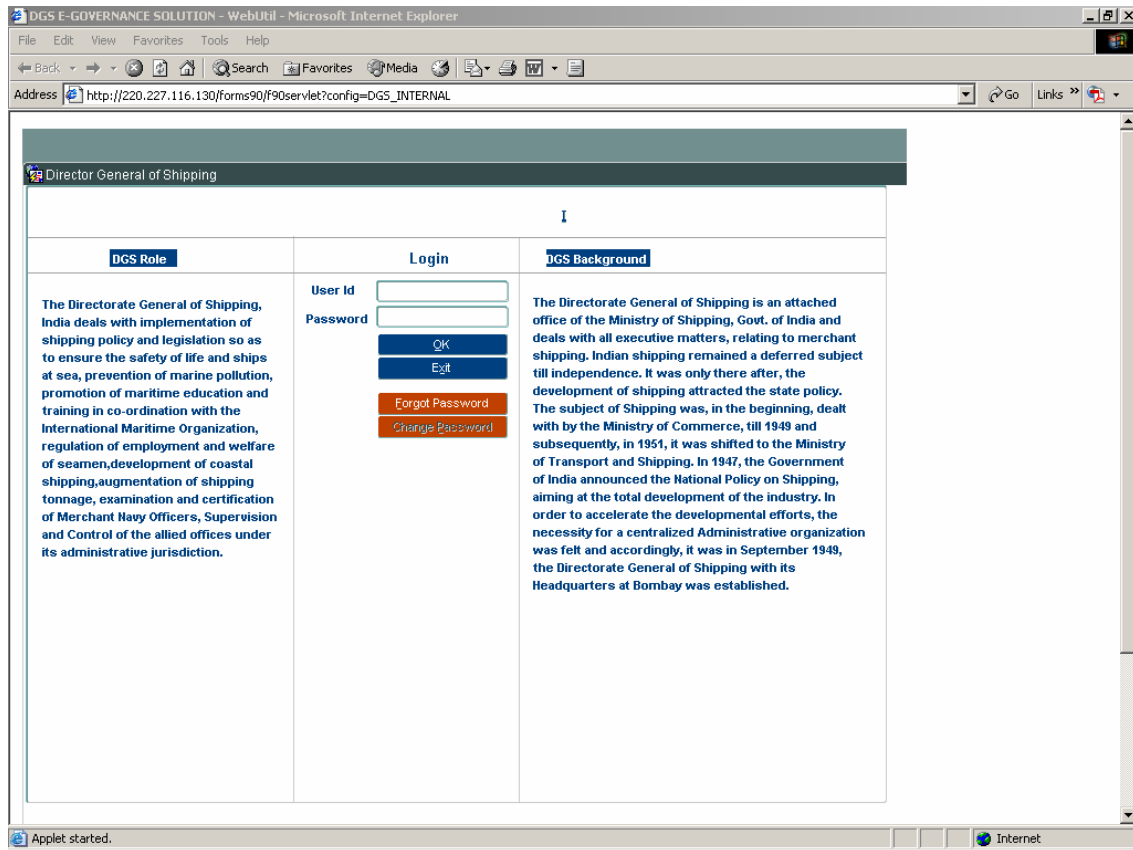

Now click on this red-circled link you can install 'jinit' software. You can also see help file by clicking on 'Help' Button.

Once this software installed on you machine, just double-click on it's icon (jinit) to run this software.

Now to open login-page, click on red-circled link, shown in following figure:

Now you'll get the following 'login-page'.

After insert correct 'user-id' and 'password' press 'OK' button, then you will login in application successfully and following page will open.
