

ANNEX V

To the Notification

(Stipulations in exemption of Section 285 of M.S. Act)

Prevention of Collisions

- 1.1 River-sea vessels under this Notification shall comply with requirements of International Regulations for Prevention of Collisions at Sea (COLREG), 1972 as amended.
- 1.2 For river-sea vessels under this Notification of less than 1600 GT, positioning of the lights shall be as follows:
 - (i) forward mast light shall be at a maximum height of 6m;
 - (ii) all the other lights shall be positioned accordingly (as a function of the height of the forward mast light or beam, whichever is higher)
